About LPM Charitable Foundation

The LPM Charitable Foundation is a non-profit organization developed to give back 100% of the donations to benefit selected charitable and community organizations.

We would like to highlight Children's Hospital Boston | Blood Donor Center
The Children's Blood Donor Center is an independent collection facility serving the needs of the pediatric patients in the Longwood Medical Area.

Established in 1958 primarily to provide fresh blood for the new field of open heart surgery, we now supply virtually all of the blood and blood products used at Children's. Please help us meet the needs of our young patients by donating at here. Donating blood is the easiest way to save a child's life.

Welcome Friends and Generous Sponsors!

Dear Friends,

It's funny how life turns out. Some twenty years ago a friend named John Toomey and I came up with an idea to have a golf tournament to benefit Children's Hospital Blood Donor Center. We got to work on it and by the time it was over we had cleared \$3,500.00 for Children's Hospital. In the twenty years since, we have all learned a lot of lessons. One is, bigger is not always better and another is, and the most important one of all, how incredibly generous people are.

We have raised over One Million, Five Hundred Thousand Dollars over twenty years! We've had over 3,000 golfers. We've had a blimp stuck in a tree. We've had it rain a few times and we've played golf on the coldest day on record in August in the state of Massachusetts.

What had started out as an event for one charity, has over twenty years helped over one hundred! Don & Connie were at the first couple, their name wasn't on it then and they came for the free dinner. Now they're gone, their names are on it and I'm sure they would be proud. We are so grateful to the thousands of people, staff, volunteers, sponsors and all for their dedication and commitment.

Over the years this event truly represents a team effort by a lot of people with big hearts. We look forward to writing a similar letter at the 40th anniversary in 2031. In fairness, it probably was originally John Toomey's idea. Thanks and have a great day!

Be well, shine on,

Bob, Laurie, Pat, and Michael Watson
